CIRCULAR

Dr. YSR AHCT/Operations/20/30/004/2019, dated: 06.03.2020

Sub: Dr. YSR AHCT – Operations – Removal of Hysterectomy package from newly introduced 1000 procedures to all Private NWH – Reg.

1. It is brought to my notice that the Hysterectomy package introduced from 1000 new procedures are being utilized in an improper manner, which leads to unnecessary removal of uterus by private corporate hospitals.
2. Hence, the procedure with a code name Hysterectomy Abdominal and procedure code S4.1.1.1 is allotted to perform only to the Government hospitals as it was before in 1059 packages.
